

## Proposed Changes in Tariffs for FY 2011-12

### **LT (I) – Domestic**

- The licensee proposes reduction in minimum charges from Rs. 50 / month to Rs. 25 / month for consumers with connected load greater than 250W.

### **LT (II-A) Commercial**

- The licensee proposes to introduce Time of Season tariff for the months of Apr-May of 2011 and Feb-Mar of 2012 for the slab >100 units in this category. Additional tariff of Rs. 0.50 / kWh shall be levied over the existing tariff during these 4 months.
- The licensees propose creation of a sub-category under LT (II) Commercial. Hence, this category is proposed to be named as LT (II-A) Commercial.

**Proposed vis-à-vis Present telescopic Energy Charge structure is as shown below:**

Slabs	Proposed Energy Charges (Rs. / kWh)		Present Energy Charges (Rs. / kWh)
	Feb-May	Jun-Jan	Full year
Above 100 Units	7.00	6.50	6.50

### **LT (II-B) Advertisement Hoardings**

- The distribution licensee proposes creation of a separate sub-category under LT (II) Commercial for advertisement hoardings, namely, LT (II-B) Advertisement Hoardings. The licensee proposes a flat tariff of Rs. 7.50 / kWh for this category.

### **LT (III – A & B) Industrial**

- The licensee proposes to introduce Time of Season tariff for the months of April-May of 2011 and February-March of 2012 for all consumers except sugarcane crushing units and pisciculture and prawn units in this category. Additional tariff of Rs. 0.50 / kWh shall be levied over the existing tariff during these 4 months.
- Under LT (III – A), the licensee proposes increase of maximum contracted demand from 75 HP to 100 HP for rice mill consumers exclusively.

Proposed vis-à-vis Present Energy Charges structure is as shown below:

Industry Type	Proposed Energy Charges (Rs. / kWh)		Present Energy Charges (Rs. / kWh)
	Feb – May	Jun – Jan	Full year
Industry (Normal)	4.63	4.13	4.13
Industry (Optional)	4.63	4.13	4.13
Poultry Farms with more than 1000 birds	4.63	4.13	4.13
Mushroom production farms, Rabbit farms	4.63	4.13	4.13
Floriculture in Green-houses	4.63	4.13	4.13
LT – III (B) Industrial	4.63	4.13	4.13

#### HT I (A) – Industrial

- The licensee proposes to introduce Time of Season tariff for the months of April-May of 2011 and February-March of 2012 for this category. Additional tariff of Rs. 0.75 / kWh shall be levied over the existing tariff during these 4 months. Hence, the revised energy charges to be levied for this category are as follows:

Voltage	Proposed Energy Charges (Rs. / kWh)		Present Energy Charges (Rs. / kWh)
	Feb – May	Jun – Jan	Full Year
11 kV	4.27	3.52	3.52
33 kV	4.00	3.25	3.25
132 kV & Above	3.72	2.97	2.97

- The licensee proposes to introduce Time-of-Day (TOD) incentive for the months of June – January of FY 2011-12. This incentive is applicable only in the time-block as mentioned below in the table.

Time-Block	Time-of-Day Incentive (Rs. / kWh)
	Jun - Jan
12 AM (midnight) to 4 AM	0.50

## HT I (B) – Ferro Alloys

- The licensee proposes to voltage wise tariff for HT I (B) consumers as shown in the table below:

<b>Voltage Type</b>	<b>Proposed Energy Charges (Rs. / kWh)</b>	<b>Present Energy Charges (Rs. / kWh)</b>
11 kV	3.25	2.65
33 kV	2.80	2.65
132 kV	2.65	2.65

- In addition, the licensee proposes to introduce Time of Season tariff for the months of April-May of 2011 and February-March of 2012 for this category. Additional tariff of Rs. 0.75 / kWh shall be levied over the existing tariff during these 4 months. Hence, the revised energy charges to be levied are as follows:

<b>Voltage Type</b>	<b>Proposed Energy Charges (Rs. / kWh)</b>		<b>Present Energy Charges (Rs. / kWh)</b>
	<b>Feb – May</b>	<b>Jun – Jan</b>	<b>Full Year</b>
11 kV	4.00	3.25	2.65
33 kV	3.55	2.80	2.65
132 kV	3.40	2.65	2.65

## HT (II) Commercial

- The licensee proposes to introduce Time of Season tariff for the months of April-May of 2011 and February-March of 2012 for this category. Additional tariff of Rs. 0.75 / kWh shall be levied over the existing tariff during these 4 months. Hence, the revised energy charges to be levied are as follows:

<b>Voltage Type</b>	<b>Proposed Energy Charges (Rs. / kWh)</b>		<b>Present Energy Charges (Rs. / kWh)</b>
	<b>Feb – May</b>	<b>Jun – Jan</b>	<b>Full Year</b>
11 kV	5.55	4.80	4.80
33 kV	5.05	4.30	4.30
132 kV	4.85	4.10	4.10

## HT V – Traction

- The licensee proposes to introduce Time of Season tariff for the months of April-May of 2011 and February-March of 2012 for this category. Additional tariff of Rs. 0.75 / kWh shall be levied over the existing tariff during these 4 months. Hence, the revised energy charges to be levied are as follows:

<b>Voltage Type</b>	<b>Proposed Energy Charges (Rs. / kWh)</b>		<b>Present Energy Charges (Rs. / kWh)</b>
	<b>Feb – May</b>	<b>Jun – Jan</b>	<b>Full Year</b>
132 kV	5.20	4.45	4.45
